■ Other Cooperation Requests

1. Do not place expensive equipment or belongings directly beneath indoor units, as water may drip from air conditioners/heaters.
2. Please cooperate with heating-related instructions to help prevent fires and conserve energy.
3. Please clean indoor-unit filters regularly to prevent equipment failures and maintain comfortable air quality.
4. Keep indoor heating temperatures within the prescribed range and ensure windows and doors are closed while heating is operating.
5. Please keep the area beneath air-conditioning/heating units clear in advance to allow prompt repairs if equipment malfunctions.

Please be advised that heating will be provided in all buildings at Incheon Global Campus as outlined above. Your cooperation is appreciated.
